Transit/Parking Plans

What if you could help employees save on commuting costs with Section 132 Qualified Transportation Plans?

Section 132 Transit/Parking plans are tax-advantaged accounts employees can use for:

- Transit fare by train, subway, bus, ferry, and transit passes for mass commuter vehicles
- Fees for traveling by vanpool (or other vehicle seating at least 6 adults plus the driver)
- Parking at or near the employee's workplace, mass transit stations, and commuter vehicle/carpool pickup lots

Easy Plan Setup

With DataPath's default wizards and templates, you can set up transit and parking plans with just a few clicks.

Mobile App

Our full-featured mobile app lets participants update account information, check balance and transaction status, submit claims, and upload receipts directly from their mobile devices.

Plan Document Templates

DataPath's software includes compliant plan document templates that you can customize, or upload and share your own. You can also perform nondiscrimination testing in the portal.

Multiple Benefits Plus Terminal Restrictions on a Single Card

Offer stacked benefits with access to all plans (FSA, HRA, Transit, etc.) on a single debit card. Plus, you can enable merchant and terminal restrictions to meet local transit authority rules in major metros, including:

- Atlanta
- Boston
- Chicago
- Los Angeles
- Maryland
- New York City/New Jersey
- Northern Virginia/Washington D.C.
- Philadelphia
- Pittsburgh
- San Francisco
- Seattle

Terminal ID settings can be applied per client or set as the default for all clients.

What if you could?
